# Hemminger & Associates, Inc. Income Tax Service

Please Read!

Dear Client;

This organizer is for the tax year 2019. Please use it as a guide in gathering together your 2019 tax information. Bring it with you to your interview or include it when you drop off or mail in the information. If you need more room than this organizer offers, feel free to use your own worksheets.

In compiling the information for your 2019 tax preparation, please review your return from 2018. *Please make sure that all of the social security numbers, name spellings, addresses and birthdates are correct.* 

There have been BIG changes in the tax code. Most of you know the highlights of the changes; lower tax rates, higher standard deductions, bigger child tax credits, we want to make sure that you take full advantage of all the changes so please use our organizers. Business owners may be able to take advantage of special tax savings through the Qualified Business Income Deduction. We will need additional information for those of you that can take advantage of the "QBID" so be ready for more questions from us.

# **Extension Information!**

This year's filing date is April 15<sup>th</sup>. If you need to make an extension to file your return please remember, the extension only gives you extra time to file the return, not to pay any extra tax you may owe. <u>Please do not assume that we will put you or your business</u> <u>on extension.</u> We NEED your permission. Contact us at 253-565-8333.

Personal extensions are valid through October 15<sup>th</sup> 2020. "S"Corp and Partnership extensions are valid until September 15<sup>th</sup> 2020.

For those of you that are responsible for a *corporate or partnership* tax return, call our office...due dates have changed!

If you have brokerage accounts, *please bring in your 1099-DIV*, *1099-INT and 1099-B forms*. The Internal Revenue Service is very good at matching income reported to them with income you report to us. In the past few years we have seen a dramatic increase in letters from them with income that has slipped through the cracks. Please make sure you report all security sales to Internal Revenue Service. In addition to reporting the sale it is very important to report your purchase price. Please bring with you the cost of the securities you sold as well as the date you bought them.

Being well organized is one way to help keep your fee lower. Bringing your W-2's, 1099's, mortgage interest statements, making sure your expenses are sorted and totaled, these are all time savers for us which ultimately saves you money, not only in your fee but on your tax return. **Please use our tax organizer**.

We would all like to thank you for your trust in our services and for your continued patronage. We hope that this New Year will be good to you and your loved ones.

Yours truly, Gordon, Cathy, Steve, Jim, Patricia

## Sales and Redemptions

## Stocks, Bonds, Mutual Funds, Other Securities and Property:

These sorts of sales are generally reported on a form known as a **1099-B**, in the case of Real Property it will be a form 1099-S. It will list the date of sale, sale price and various other bits of information that IRS requires. This form usually comes from the institution that is holding your investments. **We need to have that form in order to properly complete your tax return.** In addition to that form we may also need to know <u>when</u> you purchased the item that was sold and <u>how much you paid for it</u>. This is an area that is frequently audited by IRS because taxpayers forget about the sale or think that because it was sold at a loss, they need not report it. We have another worksheet available for you to fill in however you may find it more convenient to just provide the 1099's to us and let us ask for more information if it is needed.

## Itemized Deductions Medical, Taxes & Interest Paid

## Medical and Dental Expenses:

**Please note**, these expenses generally include; deductibles, co-payments and various other Out-Of-Pocket expenses you paid for you, your spouse and/or your qualifying dependents. The itemizing below for medical is for your benefit in organizing your qualifying expenses. Our categories do not reflect what you will see on the tax return. The total qualifying medical expense needs to exceed 7.5% of your AGI and then only the amount that goes over is used as a deduction.

## **Itemized Deductions** *Charitable Contributions and Miscellaneous Deductions*

Charitable Contributions: There can be a lot of confusion here. Please read the following for the basics.

# IRS regulations require that you have proof of your contribution to the qualified charitable organization. Please bear in mind that as a preparer we do not need to see the proof. IRS only requires that you have it.

Cash, Check or Charge – you must have proof that you gave the stated amount. A bank record that shows the name of the qualified organization, the date of the contribution, and the amount of the contribution. Bank records may include: a canceled check, a bank or credit union statement, or a credit card statement. A receipt (or a letter or other written communication) from the qualified organization showing the name of the organization, the date of the contribution, and the amount of the contribution. *The preceding statement is for ALL cash and like cash contributions.* 

IF the contribution exceeds \$250 (Cash, Check, Charge or Non-Cash) to 1 organization at 1 time, you must have a receipt from that organization.

For personal and household Non-Cash the items must be in good or better condition. Fair market value will be used unless an appraisal is required (generally over \$5000 deduction). If the total Non-Cash deduction to be claimed exceeds \$500 then an additional form will be filed with your tax return.

Vehicle donations have their own set of rules altogether. In short donations of vehicles will have a form 1098-C issued by the organization receiving the vehicle.

Cash Contributions:			
Church, Synagogue, Mosque	\$	Other	\$
Other	\$	Other	\$
Non-Cash Contributions:			
Goodwill, Salvation Army, Thri	ft Store, Etc.	Fair Market Value	\$
Description of goods donated _			

<u>Miscellaneous expenses are no longer deductible</u>: Theses include but are not limited to; Employee Out of Pocket Costs, Union Dues, Professional Fees, Personal Vehicle Mileage, Work Tools, Safety Equipment, Tax Prep Fee, Investment Expenses, Work Related Education, Safe Deposit Box, IRA Fees, Uniform Expense, Work Related Travel, Job Searching Expenses.

## Higher Education Tuition & Expenses: For you or your dependent child

Please provide the 1098-T that the Educational Institute sends to you or your child.

Generally, qualified education expenses are amounts you paid for tuition and fees required for the student's enrollment or attendance at an eligible educational institution. Required fees include amounts for books, supplies, and equipment used in a course of study if required to be paid to the institution as a condition of enrollment or attendance. It does not matter whether the expenses were paid in cash, by check, by credit card, or with borrowed funds.
